## **Ultrasonic Facial 60 minutes \$80**

Ultrasonic utilizes sonic vibrations; it works one million times per second (1 MHz). The ultrasonic wave could stimulate skin tissue and improve and promote collagen tissue, reduced wrinkles, fine lines, and leaving the skin firm and smooth, also lift the skin result for younger and healthy look.

## **Spa Facial 60 minutes \$125**

Starts off with a consultation.

Includes: cleansing; steam to purify, hydrate and prep skin for extractions; massage to increase blood circulation and detoxification; serum to help correct specific skin issues; mask to calm, hydrate and brighten the complexion; and finishes off with moisturizer and SPF to nourish and protect the skin.

## **Microdermabrasion 45 minutes \$95**

Microdermabrasion is an amazing treatment that significantly improves the overall appearance, health, and quality of the skin. For the best results, a series of 6 or more treatment sessions are recommended, 10 to 14 days apart. Benefits: the deep exfoliation minimize fine lines and wrinkles; reduces hyper-pigmentation and photo damage; minimizes enlarged pores; reduces acne breakouts, smoothes out superficial scarring and stretch marks.

## **Nonsurgical Face lifting 50 minutes \$90**

For best results 4 to 6 treatments are advised.

Micro current device has two 25 pronged heads on each. This tightens and tones sagging facial and neck skin, softens appearance of fine lines and wrinkles, improves skin texture and evens out skin tone, and reduces the size of enlarged pores.

## **Anti Aging Facial 60 minutes \$140**

Anti-aging facials include all steps of usual facials from exfoliation to moisturizing and massage to improve circulation. The products are all targeted to mature and aging skin which makes the difference.

Includes: cleaning; exfoliation; steam; massage; anti-aging face packs; green tea ice massage to prevent wrinkles and fade out dark spots and to boost skin radiance; moisturizer and SPF to protect the skin.

**Galvanic Facial – 60 minutes \$70**

Galvanic treatment that helps improve skin issues by using galvanic current. The galvanic uses electric currents that can change from positive to negative according to what the objectives. Galvanic has two possible benefits. Helps open pores and cleans the skin from dirt. This helps send nutrients of the gel used deep into the skin while closing the already-opened pores, for cleaning, and rejuvenation.

**Sensitive skin facial 60 minutes \$85**

A sensitive skin facial offers cooling seaweed mask that provides instant radiance by hydrating, soothing, decongesting and minimizing redness. Ideal for sensitive skin issues like redness, rosacea or reactive skin

**Brightening/ Glowing Skin Treatment 60 minutes \$135**
